1:30PM ... Jo Miller

Parks, Playgrounds & Conservation-Chap18

2:15PM ... Questions and Review

3:00PM – 6:00PM EXAM

## CERTIFICATION OF MEMBERS

Requirements: To become eligible for a Consultant Certification Card in each school, member students must have a passing grade of 70% on all required exams in all four courses

The four courses must be completed by the end of the seventh calendar year after completing the first course. While the courses are most useful to the student when taken in order from 1 through 4, taking them in any order is permitted.

## NON MEMBER STUDENTS

The courses and exams are open to everyone. A non-member student who has successfully completed the four courses may apply for Consultant certification upon joining a garden club affiliated with NGC within one year after completing the series.

Certificates of Completion are awarded to non- NGC students attending a full series, if requested.

## REFRESHER CREDIT

Consultants must refresh by the end of the fifth calendar year following the date of the last course or refresher.

The first refresher may be taken in the calendar year following achieving Consultant status. Credit for refresher events can be granted only once per school within a calendar year.

## OBJECTIVES

### Landscape Design School

- Develop a greater sense of appreciation, pride, and knowledge about our private, public and historical gardens
- Become better informed in order to promote positive changes in our surroundings to encourage beauty, utility, convenience, sound ecological practice, and ease of maintenance.
- Encourage a better understanding of the landscape design process to promote landscapes that will sustain sound management.
- Stimulate interest in all phases of landscape design, including community planning.
- Develop a contingent of qualified Landscape Design Consultants to serve in such decision-making areas of public life as providing leadership, educational programs, scholarships, awards, and promoting better landscape design.

After passing two courses a student becomes a Provisional Consultant and may join a Consultants Council, if available, a group that provides programs and tours that further the education of its members. Garden club members completing all four courses receive a Consultant Certification Card, which is recognized as a special achievement among NGC members, but does not convey professional status.

**Member students attending courses for credit and Consultants are required to read *The National Gardener*, the official publication of NGC. Updated information pertaining to all NGC schools can be found in each issue of *The National Gardener* (and in *Keeping in Touch*).**
